'Census' refers to all in-center HD patients in DPM facilities

'Baseline' refers to sampled patients with baseline data available

'Labs' refers to sampled patients with laboratory measures data available

'Anemia/MBD Meds' refers to sampled patients with anemia/MBD medication prescription data available

'Other Meds' refers to sampled patients with non-anemia/MBD medication prescription data available

'Vasc. Acc.' refers to sampled patients with in-use vascular access data available

Not all variable groups are reported each month; refer to 'Study Methods' for additional DPM sample details

** indicates a stratum variable that is not used in the DPM facility sample design

DOPPS Practice Monitor

Reporting contemporary trends in US dialysis practice

DPM Facility and Patient Enrollment

Report Date

December 1, 2011

	Facilities	Census	Baseline	Labs	Anemia/MBD Meds	Other Meds	QoL	Vasc. Acc.
