

ASN KIDNEY WEEK 2021

DIALYSIS OUTCOMES AND
PRACTICE PATTERNS STUDY

E-Posters

- ISN COVID - HD (An ISN-DOPPS Survey of the Global Impact of the COVID-19 Pandemic on In-centre Hemodialysis Services).
Ryan Aylward Abstract# 3605193
- ISN COVID - PD (An ISN-DOPPS Survey of the Global Impact of COVID-19 Pandemic on Home Peritoneal Dialysis Services).
Rehab Albakr Abstract# 3608884
- Health Related Quality of Life and Depression Score Differences in Brazilian and US Chronic Kidney Disease Patients.
Danwen Yang Abstract# 3612562
- Conservative Kidney Management Practice Patterns in the United States: A CKDopps Analysis.
Jennifer Scherer Abstract# 3608183
- Associations between Serum Biomarkers of Iron Stores and the Progression to Kidney Failure in Patients with Moderate to Severe Chronic Kidney Disease.
Viviane Calice-Silva Abstract# 3611494
- International Variation in the Incidence of Kidney Failure in the CKD Outcomes and Practice Patterns Study (CKDopps).
Natalia Alencar de Pinho Abstract# 3608685
- Pruritus in Hemodialysis (HD) patients: Course of Symptoms after 12 Months.
Angelo Karaboyas Abstract# 3605482
- Characterization of Gout in US Patients Treated with Hemodialysis (HD) and Peritoneal Dialysis (PD).
Angelo Karaboyas Abstract# 3601793
- US Hemodialysis Facilities Switching from Cinacalcet to Etelcalcetide: Impact on Parathyroid Hormone (PTH) Levels.
Angelo Karaboyas Abstract# 3602210
- Nationwide Standardized Peritonitis Reporting: Preliminary Results from the Optimizing the Prevention of Peritoneal Dialysis Associated Peritonitis in the United States (OPPUS) Study.
Jeffrey Perl Abstract# 3600911
- Identifying Peritoneal Dialysis (PD) Associated Peritonitis Using Medicare Claims.
Eric W. Young Abstract# 3610207
- Thrombocytopenia Predicts Mortality in Chinese Hemodialysis Patients- An Analysis of the China DOPPS.
Xinju Zhao Abstract# 3611433

Oral Presentations

- Ultrafiltration Rate and Mortality in Hemodialysis: The Dialysis Outcomes and Practice Patterns Study (DOPPS).
Erin Flanagan Abstract# 3606342
- ISN COVID - LMIC (COVID-19 Pandemic Highlights Global Inequities in Chronic Hemodialysis Care - a DOPPS/ISN Survey).
Elliot Tannor Abstract# 3604643

Arbor Research Collaborative for Health is committed to improving patient care through research that shapes medical policies and practice. Through research projects that are national and global in scope, Arbor Research's scientific collaborations provide valuable and timely information to the worldwide health care community. Arbor Research is involved in projects in health policy, scientific and data coordination, patient-centered research, and data management. A full description of the project portfolio is available at ArborResearch.org.

COLLABORATIVE
FOR HEALTH

ASN KIDNEY WEEK 2021

Translational Session: OGs of Big Data: USRDS and DOPPS

Thursday, NOVEMBER 04, 2021 | 02:00 PM PDT - 04:00 PM PDT

Signs of Progress and Troubling Disparities in CKD and ESKD. <i>Kirsten L. Johansen, MD, FASN</i>	2:00-2:30
Hemodialysis Mortality (the Good and Bad): Why the United States Has Improved over Time but Still Lags Elsewhere <i>Bruce M. Robinson, MD, MS, FASN</i>	2:30-3:00
Rise of Home Dialysis. <i>Eric D. Weinhandl, MS, PhD</i>	3:00-3:30
Outside the Box: Community Determinants of Outcomes Among Patients Receiving Chronic Dialysis. <i>Ladan Golestaneh, MD, MS, FASN</i>	3:30-4:00

Educational Symposium:

Update on the Epidemiology, Pathogenesis, and Treatment of CKD-Associated Pruritus

Saturday, NOVEMBER 06, 2021 | 12:45 PM PDT - 01:45 PM PDT

Introduction. <i>Hugh Clive Rayner, MD</i>	12:45-12:55
Who's Itchy and Why? Insights Into the Epidemiology and Pathogenesis of CKD-aP. <i>Ronald L. Pisoni, PhD</i>	12:55-1:20
Updates on Treatment Options for CKD-aP. <i>Claudio Rigatto, MD</i>	1:20-1:45
